Soft Skills

Autonomous Organizer / Organized Popularizer / Pedagogue Team player / Empathetic 5S enthusiast/Lean Management

Languages

French: Mother tongue English: Fluent (TOEIC: 950)

Hobbies

<u>CodeWars</u> addict (top 2% of the ladder) Motorcycle roadtrips, Motorcycle renovation Spikeball / RoundNet

Benjamin Ragot

Engineer – Data Scientist

Passionate about computer science, I am looking for an opportunity within a data team that would allow me to use my technical skills, my initiative and my desire to take on new challenges.

Professional experience

Engineering apprentice, Segula Technologies (2018-2021)

- Automated data input/output, cleaning and analysis
- Development/production of Robotic Process Automation tools
- Presentation, animation and maintenance of tools to users

Apprentice Superior Technician, Stellantis Retail (2016 - 2018)

- Creation of an infrastructure to perpetuate Lean Management / 5S
- Relationship management with professional clients
- Preparation / Management of quality audits

Intern in the IT department, Anevia (2015 - 1 mois)

 Setting up a computer infrastructure composed of machines in order to erase large amounts of confidential data

Personal experience

Project : DeepFake Detection Challenge (Janv. 2022)

- o Collection/processing of the dataset, construction of the dataset
- Training and fine tuning the model
- Packaging the project for production purpose
- Final product to analyze and detect DeepFake videos

Cryptocurrency mining (Depuis juin 2021)

- o Setting up an infrastructure of three machines with a total of 13 Graphics **Processing Units mining Ethereum**
- Performance optimization via overclocking on Nvidia / AMD
- Monitoring of metrics and performance

Education

2022: Le Wagon, Data Science Bootcamp, certified Al Developer.

2018-2021: National Conservatory of Arts and Crafts of Paris Engineer in Mechatronics in apprenticeship. Valedictorian.
